SENATOR CARPENTER WARNS VOTERS

ELECTION OF HOOVER NATION-AL SAFEGUARD

Carl Smith and Louis Moroney Give Fine Talks

The Republican rally at Temple Theatre Monday evening attracted a small crowd, due apparently to the most severe snow storm of the season. However in the crowd were Republicans and Democrats in quite equal proportions.

Postmaster M. A. Bates called the meeting to order, after a selection by Grayling band, and introduced each of the county candidates, all of whom were seated upon the platform. He told why he believed each should be elected. The candidates present were as follows: George Sorenson, for judge of probate; Merle F. Nellist, prosecuting attorney; Frank Bennett, sheriff; James E. Richardson, county clerk; William Ferguson, county treasurer; and Eva Reagan, register of deeds. He then introduced Merle F. Nellist as master of ceremonies.

Gives Resume of Amendments.
Thru the thoughtfulness of Secretary of State Frank D. Fitzgerald, a resume of the proposed amendments was presented by Attorney Louis Moroney, of Lansing. Mr. Moroney gave a careful, easily-understood analysis of each amendment and explained what was claimed for them by both the proponents and opponents. His diagnosis was very instructive and enlightening and anyone hearing him should now be able to have definite ideas in regard to the merits of each. He did not attempt to tell people how they should vote on the questions—that was for them to decide for themselves.

Senator Carpenter.
Senator Carpenter who is serving his first term in that office, and is now candidate for re-election without opposition, after formal greetings, praised the Grayling band and complimented the people of Grayling for supporting such a splendid organization.

He told the audience that he had worked in lumber camps and fully understood our problems and needs. He explained his ideas of the Republican and Democratic parties and said that he was interested in helping to elect every Republican candidate from President Hoover to county coroners. He said he didn't want to go thru a re-construction period. Herbert Hoover, he said, was recognized by President Woodrow Wilson by being appointed Food Administrator during the World War. "I don't believe there is a man anywhere who can better steer the ship of State during these present troublesome times than Herbert Hoover. Mr. Hoover and Mr. Brucker took over the affairs of government when the world was upset. Both have steered the ship of state thru severe difficulties and each has avoided disaster. Don't believe we ever had a government who ever worked harder nor more conscientiously than William Brucker." Speaking of the whole state Republican ticket he said "It would be a great disappointment to me to learn that the people of Michigan didn't elect these men. I know that Mr. Hoover and Mr. Brucker have worked hard and that both have achieved great economical successes." Senator Carpenter said he was going back to the senate and use his best effort to get more economy. He said he opposed the excessive fishing license advocated by the Department of Conservation.

Opposes 3rd Amendment.
Senator Carpenter called special attention to the proposed third amendment, called the "Michigan Plan." This, he said, originated in

BROWN-WURZBURG WEDDING

At high noon on Wednesday the marriage of Miss Kathryn Brown, daughter of Mr. and Mrs. Andrew Brown, and Mr. Daniel Wurzburg, son of Mrs. Eva Wurzburg of Northport was solemnized by Rev. H. J. Salmon at Michelson Memorial church which had been beautifully decorated for the occasion with greenery, baskets of yellow and white chrysanthemums and lighted tapers.

The bride, attractive in a gown of cream satin and cream velvet turban, and carrying a bridal bouquet of white roses and lilies of the valley, was given away by her father, Miss Ruth McNeven, charming in a frock of pale blue crepe with velvet turban of the same shade and carrying pink roses and snapdragons, acted as bridesmaid, while the groom was attended by Mr. Carlisle Brown brother of the bride. The wedding party approached the altar to Wagner's wedding march played by Mrs. H. J. Salmon.

Guests included members of both families and a few close friends.

Immediately following the ceremony, luncheon was served at the home of Mr. and Mrs. Brown, following which the bride and groom left for a ten day trip, after which they will reside in Manistee. The bride has lived in Grayling since girlhood where she has been popular with the younger set.

Mrs. Eva Wurzburg and Mrs. Dane were out of town guests.

The Avalanche joins in extending best wishes to Mr. and Mrs. Wurzburg.

RED CROSS WAGING WAR ON DISTRESS

The annual Roll Call of the American Red Cross, announced for November 11 to 24, will find more than 3,000 chapters seeking memberships for support of regular and emergency activities through 1933.

C. W. Olsen, chairman of the local chapter has summed up the national organization's relief activities during the past year as follows:

"To prevent suffering in this period of unemployment and general economic depression, the Red Cross has made widespread distribution of wheat, flour, clothing, medicine and other supplies. More than 2,200 chapters have participated in community unemployment relief problems.

"Approximately 15,000,000 persons, residing in every state in the Union, have received flour through the Red Cross, while the clothing needs of tens of thousands of distressed families have been supplemented by the organization's present cloth and clothing distribution program. The task of converting government wheat and cotton into flour and garments was assigned to the Red Cross this year by Congress.

"After fifty-one years as the official national relief agency, the American Red Cross finds itself in 1932 carrying the largest peace-time load in its history," the chairman said.

Ninety-five disasters—in addition to unemployment—commanded the relief facilities of the organization during the last fiscal year, according to the local chapter official. That disaster played no favorites is revealed in a Red Cross report which shows 62 disasters visited the continental United States and 28 truss insular possessions during the fiscal year. Five foreign disasters were of sufficient severity to bring help from the American Red Cross.

Altogether, the agency extended assistance to 488,000 victims of disasters during the 12-month period. That figure does not include the millions reduced to dependency as a result of economic conditions.

"Since 1881, the date of its founding," the chapter head declared, "disaster relief has been outstanding among Red Cross activities, and a continuous state of preparedness has been maintained. Although it is sometimes necessary to issue a national call for disaster relief funds, the great bulk of relief work is supported—as are other regular Red Cross services—wholly by membership dues forthcoming during the membership campaign."

Final plans for an extensive campaign here are being completed this week and those directing the community-wide appeal have expressed the belief that the membership quota will be reached or exceeded in a comparatively brief period.

Statement by Legion Commander.

Statement by Louis A. Johnson, National Commander, American Legion Commander says:

"In hundreds of communities The American Legion and the Red Cross have cooperated in the past year in reaching the army of unemployed and needy. This time cooperation has always been a cause of gratification to The American Legion.

"The annual Roll Call of the Red Cross, beginning on Armistice Day and continuing until Thanksgiving, will provide funds for continuation of the work of the Red Cross. May I urge that good Legionnaires everywhere assist local chapters of the Red Cross in this annual Roll Call, and that thereafter Legionnaires and Legion Posts continue helping the Red Cross in its relief work. The need for mutual helpfulness this year is greater than ever before.

"I make this appeal with full confidence that Legionnaires everywhere will respond to the call."

ODD THINGS AND NEW—By Lane Bode

DEPT. OF STATE STATE NEWS BULLETIN

Voters on November 8 will receive the largest ballot in the history of the state. So large is the ballot that two sheets of paper, both nearly the size of a newspaper page will be handed each voter who enters the voting booth.

The general election will contain the names of the candidates of the 8 parties which have entered in the state campaign. These parties are the republican, democrat, socialist, prohibition, American, socialist labor, communist, proletarian, liberty and farmer labor. They will appear on the ballot in the order named.

This order is determined by the secretary of state, first place being given to the party, by law, whose candidate for secretary of state receives the largest vote at the last election. If the party's candidate for that office received no vote at the last election, then the department of state is given authority to designate the place where the party will appear on the ballot.

Only the republican and democratic parties have complete tickets. The American party has no candidates for any office except in Wayne county. Two parties, the American and proletarian have not named candidates for president or vice president. The communist, proletarian, liberty and American parties are new to Michigan, these names never having appeared on ballots in the state before.

The eight governmental questions and referendums will require a ballot 45 inches in length. In order to make the huge sheet easier to handle, many counties have printed the referendum ballot in two columns. This is the first time in Michigan's history that this has been done.

(Not appearing on ballots outside of Wayne county.)

The last desk occupied by Major Albert Dunham during the 38 years he had been employed in the department of state, is draped with an American flag and mourning crepe. Employees of the department also are continuing their custom of placing a vase of flowers on the major's desk as they did during the years he acted as the department's executive clerk and keeper of the Great Seal of Michigan.

Major Dunham's death at the age of 87 followed the first day that he had been absent from his duties because of illness during his entire term of service to the state. Never before, department records show, was he absent from work because of illness. He was unable to report for work after being stricken early one morning but later in the day sent word to Secretary of State Frank D. Fitzgerald that he would "be on hand in the morning."

Major Dunham's other two interludes in life were the Grand Army of the Republic and the Soldiers' Home in Grand Rapids of which he was a trustee following his appointment early in 1931.

small charges. The proceeds from this feature will go to the Legion and the Boy Scouts Drum and Bugle corps.

On Wednesday and Friday nights there will be dancing at Temple theatre, to which all hunters and others not desiring may come dressed as they please. These parties have become very popular and dancers dressed in hunting costume is not uncommon. Everyone is invited to attend these parties. School children will not be admitted to the sportsman's exhibit as the place is limited for room.

LIVESTOCK SHOW IN CHICAGO

Dramatizing in spectacular manner the year's progress in American agriculture, the far-famed International Live Stock Exposition will open its doors for its 33rd anniversary celebration at the Chicago Stock Yards November 26 to December 3.

Secretary-manager B. H. Heide asserts that the 1932 International will be a fitting Bi-Centennial Exposition of the remarkable forward strides made in American farming since the first 200 years ago of the nation's first president-farmer, George Washington.

Rush of Early Entries.
Early entries arriving at the Exposition headquarters indicate that every foot of exhibit space, every stall in the mammoth Exposition amphitheatre and 22 adjoining buildings, will be filled to capacity with the finest specimens of the fields and feed-lots of the land.

The fact that the prize money will remain the same in most all departments of the show, and in a few instances will even be higher than in past years, is attracting the patronage of livestockmen and farmers throughout the continent to the Chicago Exposition, where a blue ribbon carries with it the stamp of national superiority and prestige.

Lift Ban on Corn Borer Area

Because the ban on corn from corn borer infested regions of the continent will be entirely lifted this year, officials of the International Grain and Hay Show, largest crops show in the world, and a department of the International Live Stock Exposition, look for the 1932 display of that crop to be the largest ever seen anywhere. Corn from infested territory will be admitted to competition subject to the inspection of the Illinois Department of Agriculture.

Entries for individual livestock classes closed on November 1st, the management announced, on November 10th for the International Grain and Hay Show; and on November 19th for the carload lot classes of cattle, sheep, and swine, the latter show in itself being the world's largest display of prime market animals.

BENEFIT PARTY A SUCCESS

The Halloween party which was sponsored by the Hospital Aid society at the Board of Trade rooms Monday night was a complete success.

Under the supervision of Mrs. Esbern Hanson the black and orange decorations of pumpkins, black bats and witches, cornstalks and lanterns had been most cleverly arranged. The orchestra made up of Grayling boys, Leo Schram, Don Reynolds, Ronnow and Marius Hanson played foxtrots and waltzes behind cornstalks with real field pumpkins hiding here and there among them. The circle twosteps went over big with Morgan Paige, Harold McNeven and Frank Tetu trying to outdo each other with unusual calls.

The lunch was served by the personnel of the Whipple and Clark Dixie Lunch in white outfits. Mrs. Roy Milnes and her committee under whose direction the party was given are responsible for the success of the affair.

Twenty dollars, the net receipts, will be turned into the treasury of the Hospital Aid Society toward some specific project.

Never interrupt when your wife is telling you something for your own good.

SCHOOL NOTES

Monday night all the boys interested in basketball met with Mr. Cornell to discuss the points of importance for the coming season. The new rules, use of equipment, training, and eligibility of the boys were some of the subjects discussed.

One of the new rules is that the ball must be past the center of the floor in ten seconds. This will keep the game moving, and incidentally, the referee.

The team this year will have new basketball trunks, and new basketballs.

First practice was held Tuesday night after school, many boys turning out for it.

The Freshmen were represented by the following: Tom Welsh, G. Hanson, J. Brady, W. Entsminger, L. Gierke, C. Borchers, B. Morris, C. Lozon, L. Lovely, L. Malonen, D. Smock and L. Doremire.

The Sophomores at the first practice were: M. Cariveau, L. Rasmusson, L. Failing, D. Charron K. Hoelsi, A. Corwin, C. Corwin, D. Gothro, A. Kochonawski.

The four Juniors included: E. Kraus, H. Winterlee, R. LaMotte, B. Sorenson.

The Seniors, many of them experienced were: L. Marshall, C. Malloy, K. Gothro, N. Dawson, J. LaGrow, B. LaGrow, B. SanCartier, J. Knibbs.

Several others are expected out for next practice.

Two new teams have been added to this year's schedule, making a total of fifteen games to be played. The season opens with our boys playing at East Jordan, December second.

A nine-game schedule has been planned for the second team. This is a larger schedule than is usual, and the second team boys will have experience for the time when they may become members of the regular team.

The High School Glee club was again organized this year under the direction of Miss Lonia McAllister, who is the music and art instructor for the entire school. The club is divided into two groups, girls and boys, the girls meeting on Monday and the boys on Wednesday.

Most of the members of the club are not totally untrained, which makes it easier to work with, and insures positive results.

HI-SPEED STATION FORMALLY OPENED

The Hi-Speed gas station, managed by Leo Schram, had what they called their formal opening last weekend. A plan was devised, so that with each fifty-cent purchase one ticket, which entitled you to one chance for the drawing of two auto robes, the hot-water heater, and the radio, was given.

Monday evening at 8:00 Mr. J. L. Walsh of Toledo, Ohio, who is the manager of the battery department for the Hi-Speed stations, shook the large box which contained the stubs of all the tickets which had been handed out during the week end, while little Joyce Heath drew ten stubs, one at a time from the box, as the anxious crowd waited. The tenth drawn corresponded with the ticket held by A. J. Nelson, who received the first auto robe. The fifteenth stub taken from the box was held by Frank Beckman, who also received a robe. The twentieth stub corresponded with the ticket held by Paul Ziebell, who won the hot-water heater. And the twenty-fifth stub, which was held by Elmer Fenton, won the radio.

The winner of the radio was asked to give a speech as to what he thought of Hi-Speed, and his response was "great."

ELECTION DAY

Tuesday, November 8th will be an important day in the lives of the American people. Those entitled to the right of suffrage will be called upon to go to the polls to cast their votes for those in whom they are willing to entrust the affairs of government.

For several weeks past there has been vigorous campaigning on the parts of the candidates and speakers of all parties, especially the Republican and Democratic parties. It does seem to us that by this time everyone should have had plenty of opportunity to make up his mind as to how to vote. Now it is up to the people to do their parts. Everything indicates that there will be a large vote cast. That is as it should be. Let nobody fail to vote that day. It is our duty to vote. The polls of Crawford county open at 8:00 o'clock a. m. and close at 6:00 p. m. Notices of election have been duly published and everyone should know where to vote in his respective township.

Let the people decide who shall rule; then let us all become good and obedient constituents. With the voters being guided by their conscience, there should be few mistakes in judgment.

THERE seems to be a lot of talk about having too many members of the County Road commission from Grayling township in case Frank Barnett, Republican candidate or Hans Petersen, Democrat is elected. From our observation of the workings of this committee we find that there can be no honest objection to such a condition just as long as those serving on such commission are the right type of men. For the past year or more the commission has consisted of Merle F. Nellist, attorney, Grayling; C. J. McNamara, druggist, Grayling; and Harry Souders, Sr., farmer, South Branch. During the administration of these men there has been the following miles of highway work done: South Branch township 14 miles; Beaver Creek, 7 miles; Frederic, 6 miles; Maple Forest, 8 miles; Lovells, 7 miles and new bridge and Grayling 3 miles. That does not look as tho there was any discrimination in favor of against any townships. Anyone should be able to see this. With the election of a new member, Mr. Nellist will retire from the commission. Let's replace him with another competent, honest business man.

WILLIAM GREEN of Atlanta was in Grayling Wednesday seeing some of our voters. It strikes us that Senator Ben Carpenter and Mr. Green, state representative, make a team that gives these districts exceptional representation. Both men are go-getters and when they get after a project they don't let up until they win. Mr. Green in the last session was the author, and succeeded in putting thru, the "ten-cent an acre" tax bill that gives the counties 10c per acre on all state-owned lands. Crawford county alone was benefited by this act to the extent of \$4,576.70. Similar amount will come to this county annually and we all agree that it is very acceptable. And a nice thing about it is that this money isn't taken from the general fund of the state, but does come from the game license fees taken in by the Department of Conservation. The Department was very much opposed to the bill because it takes over \$80,000 from its funds that they would otherwise have to spend for some other purpose—possibly add a few more wild-life photographers to the force or some similar feature that is all very nice but out-of-tune with the present day economy program. Mr. Green deserves the support of every tax payer in the district at the election next Tuesday.

One farm expert advocates a hundred million dollars fertilizer loan to help the farmers. Doubtless he will be followed by another expert who will advise the farmers not to raise so much as they are now producing.

STOCKHOLDERS AND EMPLOYEES

In a message from the president of the Standard Oil Company of Indiana, just made public, we note that there are 108,000 stockholders and 36,000 employees. In the popular idea of big corporations there is a picture of a handful of wealthy individuals as the stockholders and an army of employees. In this corporation there are three times as many stockholders as employees and a similar ratio exists in many other big corporations. The savings of millions of citizens of small means have gone into stock holdings, and when the slogan of the demagogue and the radical, "Soak the Rich," is analyzed it means soak these citizens. Crushing a big corporation with . . . taxes . . . does not mean crushing a handful of bloated capitalists of popular cartoons. It means confiscating the savings of hundreds of thousands of their stockholders as well as endangering the livelihood of thousands of employees.—Chicago Tribune.

Mr. and Mrs. Charles Johnson and Mr. and Mrs. Hans Petersen motored to Bay City Sunday. The gentlemen returned that same evening, while Mrs. Johnson and Mrs. Petersen remained for a longer visit, guests of the former's daughter, Mrs. Walter Bosworth.

The Misses Margrethe and Ella Hanson left last Friday for Ann Arbor, where they attended the University of Michigan Homecoming. They were fortunate in being spectators at the Michigan-Princeton game Saturday, at which Michigan was victorious by a score of 14-7.

The Junior Missionary society of the South Side church met at the parsonage on Wednesday evening for a belated Halloween party, which was highly enjoyed by all. Including a few of the parents, twenty-one were present. Some innocent games were played and prizes offered, of which Elsie May LaMotte carried away two. A pot luck lunch of cake and jello was served.

Monday night a truck driven by Hasson Hader, of Saginaw, after having crossed the bridge by the old mill on U.S.-27 slid from the road into the ditch, and at the same time crashing into the laundry truck owned by Archie Cripps. Upon investigation it was found that Hader had no operators license. Tuesday morning a hearing was held at the Court House and Justice Fred Alexander fined Mr. Hader the costs of the hearing and for the damage done to the truck owned by Mr. Cripps, which amounted in all to \$9.25.

Congressman Woodruff's activities in behalf of honesty in Government started a series of investigations which resulted in the heads of two great governmental bureaus and one cabinet officer being sent to the Federal penitentiary. Another Cabinet officer escaped a similar fate by the vote of one juror of the twelve who tried him. Why change such a Representative? Crawford County Woodruff for Congress Committee.

Mussolini claims that the debt ship is anchored at present in a quiet harbor and ought not to be pushed out into the perils of the open sea. This is a pleasing figure of speech, but the United States would be better satisfied if the cargo could be delivered to the people who ordered the goods.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, November 4, 1909

Dr. and Mrs. C. F. Underhill of Lovells were in the village Monday and Tuesday, combining business and pleasure.

The deer hunters are already making their appearance and going into camp to be ready for the opening of the season, the 10th.

Mrs. Barney Kropp and her daughter came up from the farm the last of the week for shopping and a little visit with old friends.

Mr. and Mrs. E. O. Keeler were made glad by a visit from their niece, Miss Marie Keeler of Bay City, from Wednesday of last week until Monday.

Rev. James Ivey and wife went to Marquette Monday for a visit with his mother. Mrs. Ivey will return this week and Mr. Ivey the next.

Miss Margaret Brink of Knapah, Washington, daughter of Mr. and Mrs. Arthur Brink, arrived here last week and will make her home with grandpa W. F. while completing her high school course in our school. As this was her childhood home she will not be among strangers, and is welcomed by hosts of her girl friends.

Mrs. Engler, nee Margaret Fisher, now of Madison, Wis., arrived here last Thursday for a visit at the paternal home and with her school-day friends.

Mrs. Rolla W. Brink is made glad again by the arrival of her sister, Miss Franc Smith, who was here a part of last year. Miss Smith will probably remain here for the winter.

Mrs. A. W. Canfield of Bay City has been the guest of her sister, Mrs. Jerome, since Saturday when she has been calling on old friends. If she sees them all we can expect to have her here with us at least until spring.

I. H. Richardson and wife and Ernest of South Branch have returned from their trip to the Northwest which they greatly enjoyed. They saw what they went for and are glad to be back in the best state in the union.

The hoodlums, of whom Grayling has its full quota, were out in force for Halloween, and committed the useless and annoying depredations of overturning houses, carrying off sashes and ornaments, windows with soap marks. Halloween parties with sensible fun are all right but such senseless crimes should be promptly punished by the parents.

A Traverse County prophet says that on August 20, '10 a tremendous earthquake will destroy Traverse City, turn the peninsula upside down, merging the two arms into one and flooding the town. Walton will be wiped off the map and Leland and Northport will be under water. Perhaps the fact that Traverse county is wet explains what sort of inspiration is responsible for such dire predictions. Better get that prophet on the water wagon.

Five young ladies were enjoying the beautiful weather last Sunday by a drive behind Langevin's cream roadsters. While on Michigan Ave. one of the horses began kicking and

was run into the telephone pole at C. Hanson's corner, which stopped them so unceremoniously that two of the ladies were thrown over the dash, but fortunately not seriously injured. The horse's leg was broken in the scrimmage so it had to be killed.

D. S. Waldron, a pioneer, and first Judge of Probate of this county, celebrated his 80th birthday last week all by himself. He had kept the date so secret that his friends had not even the pleasure of giving him a chivaree.

Lovells Local (23 Years Ago)

C. F. Underhill has a new hen-house almost completed. He is fitting a piece of ground which he expects to need to alfalfa next spring.

Isaac Goodale had the misfortune to lose the index finger of his left hand by getting in too close contact with the shingle boiler.

Jacob Traux shipped another car-load of choice lambs Wednesday.

E. S. Houghton has commenced building the bridge. We will soon be able to cross the river on plank.

C. F. Underhill will take his winter vacation in a few days. He expects to start about the 10th of November for New York. After spending a few days there he will go to California, where he expects to remain during the winter and will return about the 1st of April.

Gust Ernst was in town Monday with a load of onions and cabbage which he sold at the store.

John Schram has moved into T. McElroy's house.

E. S. Houghton returned from the west Tuesday morning. He does not say much about the country; it may be that he is like the boy who ate the crow, when asked how he liked it, said it tasted very good but he did not think he would ever hanker after it.

Miss Esther Kraus of Grayling arrived Thursday morning and registered at the Underhill house.

Cards are out for a birthday party for Mrs. James McCallomore at her house, Nov. 8th, this being her 80th birthday.

Mrs. James Smith's mother and sister visited with her last week.

The "400" of Frederic were invited to E. J. Brennan's last Friday eve. There will be a free supper at Mrs. J. Smith's Friday eve.

W. T. Lewis has bought Mrs. Webb's farm. Mrs. Webb has bought J. Brady's house in town and Brady has the Phil Moran house.

Mrs. Trudeau spent last week in Lewiston.

C. F. Kelly is slowly passing away this Tuesday.

Theodore Jendron and wife lost a new overcoat and a \$50 jacket and the boarders some clothing by having them stolen. The person who took them had better return them as they are known.

THE COUNTRY DOCTOR

By THOMAS ARKLE CLARK
Late Dean of Men,
University of Illinois.

Martin has never been sick a great deal and has had little to do with doctors. He has not yet learned the modern practice of being overhauled by his physician once every so often to have repairs made or new parts inserted. Calling a doctor in his mind has always suggested the last resort when everything else had been tried and hope was growing faint.

It was the way they had done it in the country where he grew up, and he had never, after he moved to the city, been in a situation which required him to change the practice.

In the country, when Martin was a boy, he never recalled anyone's calling a doctor in the daytime. If one got sick he was worked over during the day, and then about midnight or 2 a. m. some one was dispatched for help.

He felt pretty wretched one day last week, "took something" for it, but felt no better; tried to sleep and could not; called up the doctor about midnight and asked him to come over. The reception he received was not so cordial as he had expected. The physician's tones were cold; he showed no enthusiasm.

"Why didn't you call me during the day?" he asked. "It's a dreadful night to go out. Can't you get on until morning?"

It was not so with the country doctor. He came without complaint when he was called. He treated everything. Some one in his reminiscences of the old times was writing not long ago in his home-town paper of the country doctor whom I knew as a boy. He was a well-known figure in town, sturdy, rough in dress, blunt in speech, not overrepossessing in appearance, but he was a ministering angel to hundreds of suffering and needy.

"No road was too long, no night too dark, no storm too severe, to keep him from answering a sick call, even if he never got his pay. Old citizens of this town will ever hold him in grateful remembrance."

And there were scores like him. © 1932, Western Newspaper Union.

DID YOU KNOW?

That the U. S. Navy maintains a gunboat patrol on the Yangtze River in China; six gunboats constructed especially for this duty patrol the waters of the Yangtze River, which is navigable for 1500 miles into the interior of China?

That the average daily ration value was placed at \$0.3136 per man on board a battleship with a complement of approximately 1200 men?

That the U. S. Frigate Constellation is the oldest man-of-war in commission having been launched on September 7, 1797, and is now stationed at the Naval Training Station, Newport, Rhode Island?

The above information was furnished by the Navy Recruiting Station, Detroit, Michigan.

Maybe in a few years Uncle Sam can save the expense of holding elections by just letting the Literary Digest do it.

Rheumatics THRILLED

When Torturing!
Pains Are Stopped!

A doctor met with such phenomenal success in treating rheumatism that his office was always crowded with patients from far and near. He was finally induced to make his outstanding prescription suffer through doctor's care so all sufferers could benefit. Thousands who never dreamed of such a thing possible have won absolute freedom from the torturing pains of rheumatism, neuritis, lumbago and neuralgia with this amazing prescription. "Make no difference how intense the pain or how long you've suffered, if you first take this drug it will bring relief. There are no opiates or narcotics in Ru-No-Me. Swift and powerful, it does away with anything that doesn't stop your pain! If Ru-No-Me does not cause suffering, try this fast working prescription that puts bedridden, pained patients on their feet ready for work or play!"

Snakes Don't "Charge"

The African mamba, and some hooded snakes or cobras have a reputation for charging human beings, but most "charging snakes" are myths. Battlesnakes hold their ground and strike at victims. If they miss, they draw back their heads, let bygones be bygones, and lie in wait for the next creature that wanders within striking distance.

There is a gang of young hoodlums infesting the South Side at the present time and making themselves a nuisance in general which calls for the attention of the peace officers. We recommend as remedies a good mouth wash of soap, coarse sand and benzine, and the vigorous application of a paddle till they cannot sit down with comfort, and that the parents of the youngsters see that they are inside not later than 8:30 p. m., so that others may enjoy peace and quiet undisturbed.—Contributed.

Congressman Woodruff inspires confidence. His career justifies a continuance of the support of every believer in clean Government. Let's keep him on the job. Crawford County Woodruff for Congress Committee.

Wm. Green

Republican Candidate for

State Representative

Your representative in the State Legislature—Presque Isle District, has accomplished much for the district and for Northern Michigan. As Speaker Fred Ming has said: "Mr. Green is one of the go-getters in the legislature, and his district can depend upon him being alert to not only the needs of his own district, but to the interests of Northern Michigan every minute. I consider him one of the strongest men in the house."

We call your attention to two of his bills which have become law, Green bill No. 405, and Green bill No. 305. The former known as the Contract Carriers' Act, which brings over \$300,000.00 to the state for road building and from a class who were not paying their just share toward the upkeep of our highways. The other bill is known as the "10c an acre bill," which compels the Department of Conservation to pay a tax of 10c an acre on certain lands, and this Act brings to the counties of this district the following amounts per year, Crawford, \$4,576.70; Oscoda, \$3,740.90; Montmorency, \$5,422.40; Presque Isle, \$4,625.00; Roscommon, \$10,526.00. A vote for Wm. Green for representative in the State legislature is a vote for a man who "knows the ropes" and a man who will be able to assist other out-state members of the house in combating selfish encroachment of the big city interests upon the just rights and needs of northern Michigan. Don't forget it: A vote for Wm. Green is a vote for YOUR County.

A vote for Wm. Green is a vote for your best interests

To the Voters of Crawford County:

I will be unable, on account of illness, to call on you personally before election, but will appreciate your support on Nov. 8. I shall soon be out among you again and, as always, I have the interest of Crawford County at heart.

DAIRYMEN NEED HELP OF VOTERS IN STATE

The 350,000 Michigan people who are dependent upon a profitable dairy industry in the state are vitally concerned in the action taken by voters on amendment number 8 on the November ballot upon which a favorable majority is needed to assure dairy interests that butter substitutes will share the state tax burden which butter already bears, according to the dairy department at Michigan State College.

The group which is intensely interested in this measure is made up of 100,000 farmers, 4,000 truckmen, 6,500 workers in the milk and butter plants of the state and the families of these workers. More Michigan farmers derive a cash income from their dairy herd than from any other line of farm products.

A law passed by the last legislature provided for state supervision and licensing of butter substitutes. An injunction obtained by those interested in the consumption of oleo-

margarine resulted in the law being referred to the people of the state for a popular vote.

State fees collected on a pound of oleo under this law will be only one-fifth of the amount of tax now paid upon every pound of butter manufactured in this state, according to a study made by the department of farm management at Michigan State College.

Those interested in the production of butter paid \$2,268,000 in taxes last year. The one known manufacturer of oleo in the state paid \$550. The bulk of the profits from the manufacture of the 10,848,000 pounds of oleo sold in Michigan in 1931 are not expended in Michigan.

SENATOR CARPENTER WARNS VOTERS

(Continued from first page)

Wayne county and, if carried would give that county a preponderance of prestige in the state legislature, and, together with other metropolitan communities would take away from the smaller counties much of the state financial aid they are now receiving. He urged a decisive vote against this amendment. It is number 8 on the amendment ballot. He assured his deep interest in Crawford county affairs.

Judge Carl Smith.

Carl Smith, attorney and Judge of Probate of Bay County, gave the principal address of the evening. He said he had auto trouble at West Branch which delayed his arrival but that he was always glad to come to Grayling because of the many warm friends he has here. Clarence Johnson and Victor Peterson were buddies of his during the World War and he spent about three months at Camp Grayling where he took his military training. Coming to Grayling was, he said, more or less of a home coming.

Speaking of the campaign he said that he realized that the electors had been talked to too much and that he was tired of it and believed that the people were also. "I do know however that the people who came here on this stormy night did so because they are interested in wanting to know," he said that in spite of the tough times there are many people who still have jobs. "The November situation," he said, "means much. We have had the cart before the horse since 1916. That's the time when we began to get more money than we knew how to spend."

The speaker explained that it made no difference to him whether or not a man was a Republican or Democrat, but it did mean much whether or not that government officials did the best they knew how to honestly and capably administer their affairs. He paid a fine tribute to President Hoover and to Governor Brucker, stamping them both as men of ability, courage and integrity.

Judge Smith said that Woodrow Wilson was criticized for his administration just as is President Hoover at this time. Many harsh things were said then just as there are now. "Criticism," he said, "makes government sound and great." Referring to the candidacy of Mr. Hoover for president, he said, "Remember that when you throw one man out, that another comes in, and he is in to stay for at least four years."

"I am not in the habit of making apologies for anyone who does the best he is able to do, but I am ready to apologize for the man who makes statements that are not true. I claim to know when I hear a deliberate misrepresentation by a man claiming to give me a 'new deal.' Then look out for a cold deck." He cited the hypocrisy of Mayor Frank Murphy of Detroit and some of his sayings.

He had lived 17 years on a farm and knew something of the farmers' problems. The sugar beet condition came in for a few remarks showing how Michigan beet growers could not hope to succeed without the protection of the tariff against foreign sugar. "The Democratic platform is pledged to 'competitive tariff'." Alfred Smith in his Newark, N. J. address said that the Hawley-Smoot tariff bill is an abomination and should be wiped off the books. Farmers who now have surpluses of grains and other agricultural products won't be any better off if we admit free of duty the grains from Argentina and from Canada." He illustrated the working of the tariff and how it applied to agriculture and to manufactured products. "It isn't going to bring us anything to reduce the tariff. I found that the French people know how to trade. You take a list of products of America and Europe and compare the rates. The policies of the Democratic party are taken from the senators and representatives of the solid south. Michigan alone furnishes more income tax than all the solid south states combined."

Governor Brucker stated that he would reduce the burden of the tax payer in this state, and he reduced it 20%. During this time Governor Roosevelt of New York increased the taxes of his state (New York) by \$30,000,000. "Roosevelt with his extravagant administration has the nerve to criticize Herbert Hoover. One party is in power and the other wants to get in."

The speaker paid a fine tribute to Congressman Roy O. Woodruff and said he should be overwhelmingly elected. "Let's forget that we are hard up," said the speaker, "and let's GO TO WORK."

Don't be deceived or confused. Referendum Proposal Number 8 is a FOOD TAX... the first food tax ever passed by the Michigan Legislature.

Referendum Proposal Number 8 is the most vicious tax conceivable. It is not a necessary tax. It is not a tax for revenue. This tax will raise the

cost of living to thousands of Michigan citizens... when the pocketbooks of many are already pinched. If you submit to this outrage, if you submit to a tax on one food, there will be others.

You can kill this vicious tax. Vote NO on Referendum Proposal Number 8, on Tuesday.
